These conservative estimates are based on the needs of an *average* full-time student without dependents. Living costs increase annually, and are subject to change without notice.

*Dependents in F-2 status are not required to purchase the University sanctioned health insurance plan, however, ODU strongly encourages health insurance coverage for your spouse and children while residing in the United States. Dependents in J-2 status, per federal law, must maintain a health insurance policy that meets the requirements outlined by the Department of State.
